

Pine Plains Central School District

Reopening Handbook for Students and Families

August 2021

Introduction

The Pine Plains Central School District is committed to reopen our schools with the health and safety of our students and staff as one of our top priorities with a focus on in-person instruction as our other top priority. Our Re-Entry Task Force reviewed guidance documents from the Center on Disease Control (CDC), the American Academy of Pediatrics (AAP), State and County Health Departments, in addition to the New York State Department of Education (NYSED).

This Reopening Handbook was developed collaboratively with the Pine Plains Administrators Association, the Pine Plains Federation of Educators, the Pine Plains School Related Professionals, Board of Education representatives, and parent representatives from each of our schools for the Pine Plains Central School District.

This document will be updated as new information is available. The most up-to-date information and communications can be found on our District Website on the COVID-19 Resources tab found at: <https://www.ppcsd.org/domain/289>.

Health and Safety

COVID-19 Coordinators

The building coordinator will be the main contact for the identification of positive cases. All coordinators are responsible for answering questions from students, faculty, staff, and parents/guardians regarding the COVID-19 public health emergency and plans implemented by the school. The building coordinator will report to the district coordinator.

District Coordinator and Contact Information:

Dr. Martin Handler, Superintendent 518-398-7181 ext. 1401

Alternate: Dr. Brian Timm, Assistant Supt. for Curriculum and Instruction

Building Coordinator and Contact Information:

Cold Spring:

Sue Prezzano, RN (845) 868-7451 ext. 2239

Alternate: Gian Starr, Principal

Seymour Smith:

Jen Funk, RN (518) 398-3000 ext. 3103

Alternate: Julie Roberts, Principal

Stissing Mountain Jr./Sr. High:

Amy McCauley, RN (518) 398-7181 ext. 1335

Alternate: Tara Grieb, Principal

Daily Health Screening

Health screening, including daily temperature checks and completion of a screening questionnaire, are required for all students each day. The daily health screening must be completed before entering a school facility. The screening questionnaire determines whether the individual:

- has tested positive for COVID-19 in the past 2 weeks;
- has experienced any symptoms of COVID-19, including a temperature of greater than 100.0°F in the past 24 hours;
- has had close contact (6 feet or less for 10 minutes or longer with or without a mask) with a suspected or known COVID-19 patient within the past 2 weeks.
- has traveled internationally and not fully complied with New York State COVID-19 testing guidelines for return to NYS from travel.

Any student who screens positive for COVID-19 should stay home, or will be sent home, with instructions to contact their healthcare provider. The school will immediately notify the state and local health department about positive cases so tracing contact protocols can be followed. Confidentiality will be maintained as required by state and federal regulations.

The health screening web-based app can be accessed from our website ppcsd.org under the COVID-19 Resource tab or directly from <https://www.ppcsd.org/Page/3221>

Return to School following Screening Positive for COVID-19 Symptoms

Students/Staff may return to school with documentation to be given to the school nurse, prior to re-entry if possible, when all criteria is met in the appropriate return to school protocol below:

A. When a Health Care Provider is visited, the student may return to school after:

1. Documentation from a Health Care Provider following evaluation is received and cleared your student to return. Health Care Provider will determine necessity of COVID-19 test based on nature of symptoms. If a COVID-19 test is ordered, follow the guidelines below.
2. Individual must be without a fever, unmedicated, and have a progressive improvement of symptoms for at least 24 hours before returning.

B. If your student has a NEGATIVE test result for COVID-19 (PCR), they may return to school after:

1. Documentation from a Health Care Provider following evaluation is received and cleared your student to return.
2. Individual must be without a fever, unmedicated, and have a progressive improvement of symptoms for at least 24 hours before returning.

- C. If your student has a POSITIVE test result for COVID-19, they may return to school after:
1. Isolation for a minimum of 10 days from start of symptoms.
 2. Individual must be without a fever, unmedicated, and have a progressive improvement of symptoms for at least 24 hours before returning.
 3. Release from Isolation from the Department of Health.
- D. If your child does not see a Health Care Provider or COVID-19 test is refused, they may return to school after:
1. At least 10 days have passed since onset of symptoms.
 2. Individual must be without a fever, unmedicated, and have a progressive improvement of symptoms for at least 24 hours before returning.

These return-to-school protocols are the minimum required for re-entry. The Dutchess County Department of Health and/or PPCSD may issue additional case specific clearance measures. The CDC recommends a COVID-19 test immediately upon symptom onset or 3-5 days after an exposure for unvaccinated people. The CDC recommends fully vaccinated people who have a known exposure to someone with suspected or confirmed COVID-19 be tested 3-5 days after exposure, regardless of whether or not they have symptoms. All results will be reviewed by the School Nurse and COVID Coordinator. In the event there is a positive result we will work with the Dutchess County Department of Health to act swiftly to track and notify those that may have had close contact.

If you have any health questions or concerns, please reach out to one of the nurses.

Face Coverings - Masks

All students, faculty, staff, and all other individuals will be required to wear appropriate personal protective equipment (PPE) to protect against the transmission of the COVID-19 virus when inside school buildings, school facilities, and on buses. Acceptable face coverings include, but are not limited to, cloth-based face coverings and surgical masks that cover both the mouth and nose. Face coverings are not required outdoors of school facilities for students, faculty, staff, and all other individuals.

Faculty may use alternate PPE (i.e. face coverings that are transparent at or around the mouth) for instruction that requires visualization of the movement of the lips and/or mouths (e.g. speech therapy). These coverings may also be used for certain students (e.g. hearing impaired) who benefit from seeing more of the face of faculty/staff.

Individuals that are not capable of wearing a mask are required to provide a note from their doctor, which will be kept on file with the school nurse. Once the doctor's note is reviewed and approved, that individual will not be required to wear a mask. For the health and safety of the entire school community, individuals approved to not wear a mask must keep six feet of distance in all directions from all other individuals inside school facilities and on school buses.

If an individual forgets their mask or does not have a mask, a disposable mask will be provided.

Mask Breaks

A minimum of five minutes per hour or class period will be provided to all students at the direction of the teacher.

Social Distancing

All buildings will maintain protocols and procedures for students, faculty, and staff to ensure appropriate social distancing to protect against the transmission of the COVID-19 virus when in school facilities.

Specifically, a minimum of three feet of physical distance will be maintained in all directions between individuals, or individuals will use appropriate physical barriers between them that do not adversely affect airflow, heating, cooling, or ventilation, or otherwise present a health or safety risk.

A minimum of six feet in all directions will be maintained between individuals while participating in activities that require projecting the voice (e.g., singing), playing a wind instrument, or aerobic activity resulting in heavy breathing (e.g., participating in physical education classes inside school facilities).

Schedule

The 2021-2022 School Year begins Wednesday, September 8th. We will follow the school calendar as adopted by the Board of Education for the 2021-2022 school year.

All buildings will be open for in-person learning Monday through Friday using their normal operating schedule. The school start and end times are listed below:

- **Stissing Mountain Jr./Sr. High School:** 7:30 a.m. – 2:15 p.m.
- **Seymour Smith ILC:** 9:00 a.m. – 3:15 p.m.
- **Cold Spring ELC:** 9:00 a.m. – 3:15 p.m.

Remote Instruction

Remote instruction will be provided to any individuals with an approved medical need. Medical needs include but are not limited to immunocompromised student or a student that has immunocompromised family members living in the immediate household. All requests for remote instruction must be submitted to the student's/child's building principal. Our remote instruction committee: consisting of the Superintendent, Assistant Superintendent for Curriculum and

Instruction, the student's/child's building principal, the building nurse, Director of PPS (as appropriate), and School Physician (as needed) will review each request. Once the request is approved, remote instruction will be provided the following way:

K-5 Students

Dutchess BOCES will provide an elementary certified teacher for instruction and engaging and interactive elementary appropriate NYS Curriculum Edmentum. Students will have daily, AM or PM synchronous instruction with a BOCES provided teacher.

- Student: Teacher ratio of 20:1
- Curriculum supported through [Edmentum Calvert Learning](#)
- Daily synchronous ELA and Math instruction in a half day model
- Asynchronous instruction in Science, Social Studies, PE/Health, and the Arts
- Students will be provided both digital and print curricular materials
- K-2 classes will be hosted through seesaw while 3-5 classes will utilize Google Classroom

6-12 Students

Pine Plains CSD will provide administrative support and NYS Curriculum with NYS certified teachers of record through Educere Virtual Education. Student will take the core classes for their grade level and any necessary elective to ensure their trajectory toward graduating on time.

- Student learn at their own pace with online class through [Educere Virtual Education](#)
- Teachers utilized through Educere are NYS subject area certified teachers
- Regular check-ins with the student's guidance counselor to assist students staying on pace
- Course meet all NYS middle/high school credit requirements

Transportation

On school buses, face coverings must be worn at all times. Seats will be assigned in order of embarkation in the morning, and debarkation in the afternoon. The front row of every bus will be exempt from seat assignment to maintain social distance from bus drivers. Transportation request forms will be submitted for each student to ensure bus routes are accurately assigned. Alternate stops for AM and PM will be reviewed and accommodated based on available space on the bus. If changes need to be made during the school year, a new transportation request must be submitted to reflect the change request. Changes will be reviewed and accommodated when feasible but are not guaranteed. Daily bus passes will not be permitted in any circumstance.

Athletics

Varsity and JV sports (Football, Boys & Girls Soccer, Field Hockey, Volleyball, Cross Country) season will begin on August 23rd. The modified sports (Football, Boys & Girls Soccer, Field Hockey, Volleyball) season will begin on September 13th.

School Meals

To ensure everyone's safety, we will be following all CDC, SED and Department of Health safety measures for food handling and personal health and safety by practicing social distancing, the use of masks and gloves and the washing, rinsing, and sanitizing of kitchen workstations and utensils.

All meals will be prepared with the utmost of care and safety with minimal handling and processing. This will include the use of individually wrapped service ware and pre-portioned food items.

Staying true to our commitment to NY State and the use of local food items where available, Hudson Valley Fresh Milk will be included with all meals, as will Red Barn Produce in Highland for local fruits and vegetables, Upstate Farms Yogurt, Feather Ridge Farm Eggs and Slate Food Beef products.

Hygiene, Cleaning, and Disinfection

The school will adhere to hygiene, cleaning, and disinfection requirements from the Centers for Disease Control and Prevention (CDC) and Department of Health (DOH) and maintain logs that include the date, time, and scope of cleaning and disinfection.

Custodians will clean and disinfect every shift as time allows. Extra attention will be paid to student desks and contact areas each morning with extra help assigned. Custodians will have at their disposal proper disinfectants, supplies and all required PPE.

All custodians will have a cleaning log to be filled out each shift that will be checked weekly by a supervisor. Cafeteria aides will assist in the disinfection of tables at lunch. Teaching staff will have disinfection supplies in each classroom for their use.

Faculty and staff will have access to Fullsan Spray in spray bottles and disposable paper towels that can be used to clean commonly used surfaces (e.g. keyboards, desks, remote controls) can be wiped down before and after use. Hand sanitizer will be available near high-touch surfaces (trash receptacles, paper towel dispensers, etc.).

Drinking fountains will be closed unless they are configured as bottle refilling stations. Individuals will be encouraged to bring their own water bottles or use disposable ones.

Restrooms will be regularly cleaned and disinfected. Paper towels will be used in lieu of air dryers.

All buses that are used every day will be cleaned/ disinfected once a day. High-contact areas will be wiped down after the a.m. and p.m. run depending upon the disinfection schedule. (For example, some buses might be cleaned between the a.m. and p.m. runs while other buses may be cleaned/disinfected after the p.m. run). All vehicles will have a cleaning log that is to be filled out by

each driver alongside their daily vehicle inspection reports. These logs will be turned in daily to verify completion of cleaning and disinfecting of all accessible vehicle surfaces.

Visitors

School buildings will be closed to all visitors without prior appointment. Visitors with appointments will be required to complete the health screening before going to their scheduled appointment. Parents/guardians visiting buildings for any reason other than arrival and dismissal are expected to follow all district COVID-19 protocols.
