Dear Parents and Guardians:

As expected, the Governor made his announcement about extending the school closure. All school buildings will be required to remain closed for the rest of this school year. Online learning, child care and food deliveries will remain as they are now.

The Governor shared that the decision on the ability to hold Summer School (as we usually do, not for all students) will come at the end of May as things continue to evolve.

Now that the decision has been made, I am sure that there will be further discussion about the specific date that remote learning will end this school year. We did not observe spring break, nor were we permitted to take off unused emergency closing days. I am sure that many districts will be raising these questions, and decisions to that end will be forthcoming.

In future sessions we look for information from the Governor regarding the budget vote and elections. Remember the school buildings are closed, not school. Our students are being educated each and every day.

Be Well,

Dr. Martin D. Handler
Superintendent
