September 14, 2021

Dear Parents and Guardians:

I am writing to give you a brief update on vaccination availability in the school district.

The vaccination clinic planned for this Sunday, September 19th has been *cancelled*. In its place, we will have a clinic this **Thursday, September 16th** and the next two Thursdays after that. The clinics will be held in the high school cafeteria from 6 pm to 7 pm. Please note that appointments are not required for these clinics. They are posted on the Dutchess County website where it states that the clinics are for school staff only. Since our clinics are in the evening, *students and community will be permitted* to get their vaccinations.

All three vaccines, Pfizer, Moderna and Johnson and Johnson will be available. You will need to bring a photo identification with you.

Parents, please be reminded that you must accompany your student to the clinic if they are between the ages of 12 and 17 years old.

Please feel free to email me any questions regarding the clinic at m.handler@ppcsd.org

Be well and stay safe,

Dr. Martin D. Handler
Superintendent
